Hot off the line

Hard Drivin'

The ultimate driving simulator now available in two cabinet configurations!

© 1989 Atari Games Corporation. All rights reserved.

All of the player appeal of the original Hard Drivin' is now packed into a smaller, compact upright game. Common features include:

- 25-inch monitor
- 4-speed stick shift
- Continuous force-feedback steering
- Clutch, gas and brake pedals
- Ignition key start switch

Deluxe Cockpit dimensions:
Height: 77 in. (197 cm.)
Depth (seat in): 62.5 in. (160 cm.)
Width: 31.5 in. (81 cm.)
Weight: 750 lbs. (341 kg.)

Compact Upright dimensions:
Height: 79 in. (201 cm.)
Depth: 40 in. (102 cm.)
Width: 27.25 in. (69.2 cm.)
Weight: 475 lbs. (215 kg.)

The industry's first real driving simulator is now built to fit into all types of locations. Call your Atari Games distributor for further information today!

Depth(seat in) 62 1/2 in (160 cm)
Height 77 in (197 cm)
Weight 750 lbs (341 kg)

How would you like to test drive a high-powered sports car on a stunt course? Now you have your chance, courtesy of Atari Games!

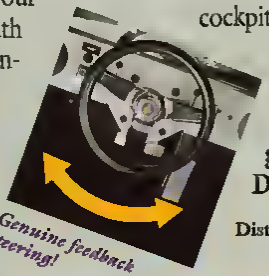
Realistic stick shift/ clutch option!

Have you ever jumped a draw bridge or driven a vertical loop? Now you can! These thrilling stunts, among others, provide the ultimate realistic driving experience.

Or, maybe high-speed driving is your type of excitement. Put the pedal to the metal and try to keep control around the corners, weaving in and out of traffic while avoiding oncoming cars. All this and more await you behind the wheel of Hard Drivin'.

Hard Drivin': It's the ride of your life. You feel the tires grip the road as you take a wide turn at high speed. The feedback steering alerts you to the smallest change in the road. You catch air as you fly the draw bridge and land on the down ramp. You are in control as the car holds the road on the vertical loop...

Test the limits of our car and your skill with no risk of personal injury, and follow a course that does not exist anywhere in the real world.



Genuine feedback steering!

Hard Drivin' is equipped with • center-feel steering with continuous force feedback • adjustable swivel seat • gas, brake and clutch pedals • four-speed stick shift • higher-resolution monitor • instant replay of crash sequences • championship "grudge" match.

Adjustable swivel seat!

After-market options include • dollar bill acceptor • overhead display assembly. • Compact sitdown model will follow the introduction of the deluxe cockpit version depicted herein.

Shift your R.O.I. into high gear with Hard Drivin'!
